

Julie Emily

Powered By  launch_code

Software Engineer in St. Louis, MO

I am a driven and personable individual, and a recent LaunchCode graduate eager to join a company as a junior developer. I have co-developed a user-friendly trail tracking website with the use of Spring framework and MySQL database.

EDUCATION

LaunchCode, LC101 Programming Course — 2020

College Name, AA, General Education — 2012

PROJECT EXPERIENCE

TrailTracker — Trail Mapping and Location Website

- Designed to make locating a local hiking trail to meet specific requirements straightforward and simple to navigate.
- Users have the option to create a profile, and use that profile to locate trails by different categories,, “favorite” trails, and create a meetup with other registered users to plan a hiking trip together.
- Utilized Java language on SpringBoot framework saving to MySQL database.

SKILLS

PROGRAMMING LANGUAGES
